

FREE NO-CONTACT PICKUP + DELIVERY + COVID-19 PROCEDURES

The health and safety of our team members, guests and communities are our number one priority so we've implemented new protocols to help combat COVID-19. We encourage guests to take advantage of our no-contact pickup and delivery options.

For a limited time, delivery is FREE with the code FREEDEL!* Just let us know where you would like us to leave your food (i.e. the table on your front porch or the steps in the garage, etc.), and what phone number our driver should text when they arrive by either telling us when you call or typing it into the "special instructions" field during checkout of online orders. No-contact delivery is available with all credit card payments and you will not be required to sign a receipt.

To help keep everyone safe when picking up food, we installed plexiglass shields at each Zepppe's location! We will be taking credit card numbers over the phone rather than in person and will have a designated spot to set your pickup order that requires no-contact with our team. We also have marked spots every 6' to help maintain social distancing, are only allowing a small number of guests in the lobby at a time and hand sanitizer is available for our guests.

Lastly, we have increased the frequency of our cleaning procedures and are requiring our team members to follow strict guidelines including but not limited to constantly wiping down all surfaces, frequent hand-washing and glove-changing, taking temperatures before each shift and practicing social distancing at all times. In order to following social distancing guidelines in the kitchen, we are only allowing one team member per section of the kitchen so it might take us a little longer to make your food during peak business times so we thank you in advance for your patience and support during these difficult times. Stay safe + healthy!
